- Easily combined with the most common software and applications, such as intraoral scanners

Imes-Icore
I-one Scan

Align iTero

Carestream CS 3600

Medit i500

Shining 3D Aoralscan

Dentsply Sirona
Primescan

... and other scanners

CORiTEC one®

CORiTEC one+

FOR THE PERFECT CHAIRSIDE WORKFLOW

The advertisement features a dark background. On the left, a list of compatible intraoral scanners is presented in a white, arrow-shaped container. In the center, a white intraoral scanner probe is shown. To the right, two white dental units, labeled 'CORiTEC one®' and 'CORiTEC one+', are displayed side-by-side. On the far right, the text 'FOR THE PERFECT CHAIRSIDE WORKFLOW' is written in white capital letters.
